Current Priorities

Burglaries

Unfortunately East CPT has still had a number of burglaries, due to this we have continued with this as a priority for East CPT.

Alongside our increased patrols we are offering the following security advice to residents;

To improve the security in and around your home we are asking residents to remember the following advice:

- Lock your doors and windows every time you leave the house, even if you're in the garden, and make sure you have approved locks or bolts on all doors and windows*
- Never leave a spare key in a hiding place like in a plant pot or letterbox - a thief knows all the hiding places*
- Keep all keys, purses and wallets out of sight and away from the letterbox*
- Consider installing a burglar alarm, and only use a company that is registered or certified with the NSI or the SSIAB*
- Do not open the door to anyone you don't know or are not expecting. Always check by using a spy-hole or look through a window*
- Make sure that you have up to date contents insurance*
- Register all serial numbers from electrical items, tools and garden equipment with Immobilise.com (the free national property register). Mark items without serial numbers with an artificial DNA property marker such as Smartwater or SelectaDNA*
- Do not keep large amounts of cash at home - it is much safer in a bank or building society*
- Trim back any plants and hedges at the front of your property to no higher than 1 metre to remove hiding places*
- Always report any suspicious activity, note any vehicle registrations, descriptions of persons involved and direction of travel*
- Use a timer to set lights to mimic your usual activity when you are not at home*
- Take photographs of all jewellery including hallmarks and keep them safe. Also consider using an artificial DNA property marker on jewellery or other valuable items*
- Make sure any bolts are low enough so they cannot be opened by reaching over the top of the gate.*

Don't Make It Easy on Car

We are encouraging car owners to follow crime prevention advice to stop them falling victim to car key burglaries.

There have been reports across Wiltshire recently of homes being broken into and car keys taken so the burglary can steal the car parked outside.

Here are some basic precautions you can take to keep you and your possessions safe when in your home.

- Lock your doors and windows every time you leave the house. Even if you're in your garden, and make sure you have approved locks or bolts on all doors and windows.
- Never leave spare key in a hiding place like in a plant pot or letterbox – a thief knows all the hiding places.
- If you have a high performance car parked outside your house please make sure you don't leave your keys in easy reach for a burglar. You should also consider purchasing a Faraday box to keep keys and fobs safe from someone trying to hijack the signal from outside.
- Keep all keys, purses and wallets out of sight and away from the main points of entry.
- Consider installing a burglary alarm and only use a company that is registered or certified with the NSI or the SSIAB.
- Make sure that you have up to date contents insurance.
- Trim back any plants and hedges at the front of your property to no higher than 1 meter to remove hidden places.
- Always report suspicious activity, note any vehicle registrations, descriptions of persons involved and direction of travel.
- Use a timer to set lights to mimic your usual activity when you are not at home.
- Make sure any bolts are low enough so they cannot be opened by reaching over the top of the gate.
